### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kolasch on February 16, 2001.

The application has been amended as follows:

In Claim 1, line 6 after to and before side, delete "the" and insert --a--.

In Claim 1, line 7 after the and before turret delete "tool holder".

In Claim 1, line 14, delete "the" and insert --a--.

2. The following is an examiner's statement of reasons for allowance:

A tire removal machine with manually or automatically positionable turret comprising a casing supporting a rotatable plate provided with self-centering jaws; a vertical column rising to a side of the plate; a shaft slidable horizontally relative to the column and lockable in position; a sleeve rigid with said shaft and within which the tool holder turret slides vertically, said turret being associated with a spring which maintains the turret spaced from said plate; and pneumatic means for locking said shaft and said turret in position, characterized by comprising turret operating and locking means controlled independently by two three-way slide valves which can be switched between an active position in which the compressed air feed line communicates with the delivery lines of said turret operating and locking means, and an inactive position in which said

delivery lines are connected to a discharge line respectively, said two slide valves being both associated with a single trigger, the operation of which switches them into their inactive position.

The aforementioned has neither been anticipated nor taught or suggested in part or whole by the prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
